Reply to Office Action Mailed 10/24/2007

Commissioner of Patents and Trademarks
Washington, DC 20231

Sir:

This letter is in response to Office Action Mailed 10/24/2007. This case became abandoned on or about 10/04/2007. A petition for revival is filed herewith on the basis that the abandonment was unavoidable. The above office action and the notice of abandonment were mailed to an incorrect address. These actions were mailed to PO Box 2183. My correct address is PO Box 2138. I never received the mailed copies of the Office action or the notice of abandonment. I have recently received copies through the Patent Office PAIR System.

Amendments to the Claims begin on page 2.

Remarks begin on page 4
